2018 TEAM RULES

MISSION: The Bedford Sunrise Rotary Race Series is a participation based event with the intent of bringing together individuals who are interested in contributing to multiple charitable efforts in the Bedford community as well as promoting a healthy and active level of personal wellness. The Team Competition is intended to promote a spirit of fun and competition among groups throughout the Bedford Sunrise Rotary Race Series.

DEFINITION OF TEAM: A team will be any group of individuals with a work, social, civic or recreational relationship committed to participating and representing their team in the Bedford Sunrise Rotary Race Series.

ELIGIBILITY OF TEAM MEMBERS: Individuals must be registered on a team roster. Team Members are eligible to participate in the Individual Series Standings, as well as, the Team Series Standings. A participant cannot switch to another team in that Series Season once they have been listed on a team roster. Team Members may be added as the year goes on. Each Team Member must sign a team roster at the registration table for each race to be considered a qualified participating Team Member for that event. There is a roster limit of 10 to the number of official members for each team.

TEAM PARTICIPATION STANDARDS: A team must have a minimum of two (2) official members to qualify for points in any individual race event. The maximum number of official team members for scoring purposes is ten (10).

SCORING: Teams will accumulate points for each race based upon participation and performance scoring.

> **PARTICIPATION SCORING**: Each qualified participating team member (TM) scores ten (10) Participation Points. Ten (10) is the maximum number of eligible official scoring members for each event. (Maximum Points – 100)

> **PERFORMANCE SCORING**: Each qualifying team member (TM) who receives an award (regardless what place) will receive one (1) performance point. Any Team Member on the official roster can score Performance Points for their team. The maximum number of Performance Points per event for each team is ten (10).

The equation for accumulating team points is the following:

> *Participation (# TM x 10) + Performance (# TM that places x 1) = Race Total for Team*

TEAM SCORING/RESULTS: At the conclusion of each, the Bedford Sunrise Rotary Club will be responsible for tallying the scoring and results for each team on the Rotary Race Series webpage (bedfordsunriserotary.org/rotary-race-series) and FaceBook page. Results are expected to be posted within one (1) to two (2) weeks of each race date.

All teams will be recognized on the Bedford Sunrise Rotary Race Series webpage and at the award ceremony at the conclusion of the Series. The Rotary Race Series Award Ceremony will recognize the top three teams based on total points scored.
